A progressive story about rich business women converting an old run down 40's club for the house of the wise. A magical unfolding of the way the 'FANS' Club used to be. Glamorous female performers of the 40's dancin' flamingo rhythms and Billie Holiday boogie-woogie blues and singers pouring out emotional notes of Gospel songs and foot stomping swing. The acts glide with elegance as the business ladies reveal, in narrative stories, the colorful memories of 'FANS'. All talent from Mt. St. Mary's and guest artist. A show of the arts you won't want to miss! Nov. 6th, Wednesday, at 7:30 p.m. in the Little Theatre (Chalon) - November 4th, Monday, at 7:30 in Landerman Auditorium (High School next to Doheny Campus)

# HAVE YOU CONSIDERED TEACHING?

Teaching is one of the highest, most rewarding forms of service one can choose. Due to the shortage of qualified people and increasing student enrollment, teaching is rapidly becoming a prime area for employment and growth opportunities. We in the Education Department at Mount St. Mary's College welcome students in major subject areas to qualify for the California State Single Subject Teaching Credential by taking the prescribed education courses listed below, either as electives (if you are beginning or continuing your undergraduate studies) or as a one-year sequence (if you have completed the bachelor's degree program). The Single Subject Credential authorizes teaching of junior and senior high school students in the subject area.

## THREE STEPS TO BECOMING A TEACHER THROUGH THE TEACHER EDUCATION PROGRAM AT MOUNT ST. MARY'S COLLEGE

### 1. DISCUSS YOUR THOUGHTS WITH FACULTY OF THE TEACHER EDUCATION PROGRAM:

Mount St. Mary's College has experienced, dedicated faculty who are interested in talking with you about the joys and challenges of teaching and how to get started in the profession.

### 2. FILE AN APPLICATION FOR ADMISSION TO THE SINGLE SUBJECT CREDENTIAL PROGRAM:

- Education Department application form
- Two letters of recommendation
- Copy of transcript showing a grade point average of at least 2.5 in college courses

### 3. INTEGRATE THE REQUIRED COURSES INTO YOUR PROGRAM:

Through the guidance of the Teacher Education Program faculty and working with your major advisor, plan to take these courses leading to the California State Single Subject Teaching Credential:

- |            |   |
|------------|---|
| EDU 160AB  | Secondary Instruction:<br>Development, Implementation<br>and Evaluation (4 units) |

| EDU 161    | Observation and Participation: Single Subject Instruction (2 units)               |

### ELEVEN TEACHING SUBJECT FIELDS:

# THE AGONY AND THE ECSTASY...LUST FOR LIFE... AND NOW A MAJOR NEW MILESTONE IN IRVING STONE'S UNPARALLELED CAREER!

*The biographical novel is a true and documented story of one human being's journey across the face of the years, transmuted from the raw material of life into the delight and purity of an authentic art form.* —IRVING STONE

Irving Stone not only mastered the biographical novel, he virtually invented it—and has turned it into a bestselling tradition for over fifty years. His internationally-acclaimed books have sold more than 30,000,000 copies worldwide, and have been translated into eighty languages and dialects. Now in his first novel in five years, Stone returns to the territory, themes, and art which gave rise to his illustrious career, beginning with *Lust for Life* and carrying forward through *The Agony and the Ecstasy*.

DEPTHS OF GLORY spotlights one of the most important, endearing, and enduring figures in art history: Camille Pissarro, a brilliant and prolific painter, the central father-son figure to the Impressionists. Through the doors of this extraordinary novel walks a stellar cast of characters, including Manet and Monet, Degas and Renoir, Gauguin, Van Gogh, Mary Cassatt, Berthe Morisot, and Pissarro's own wife, Julie. A remarkable woman in her own right, Julie not only bore his children, but helped Pissarro and his entire school of Impressionist artists survive grinding poverty, lack of recognition, and a spate of natural and manmade disasters.

More than a marvelous biographical novel, DEPTHS OF GLORY is a monumental publishing event. One that heralds the triumphant return of one of today's great names in living literature.

# Health Advocate Newsletter

Welcome back to school everybody! The spring semester is already upon us!! Even though this semester is just beginning, now is the time to already begin thinking about next fall. There are many opportunities to become involved during the 1986-'87 school year, one of which is to become a Health Advocate. Being a Health Advocate is an excellent opportunity to serve your fellow students and your school.

The purpose of MSMC's Health Advocate program is to assist the members of the Mount community in advancing and promoting their health and general well-being. The program exists to support and promote health education and awareness, to train and educate others in personal health care, and to encourage personal health development of the members of the college community. Health Advocates are specially trained in first aid and CPR and are therefore qualified to provide aid in emergency situations as well as to help with more minor medical cases. The Health Advocates have first aid kits in their rooms and are available on a 24 hour "on-call" basis for anyone who needs medical attention. Even if you don't need any medical treatment, they also can help answer questions regarding health and medical issues. But, being a Health Advocate involves much more. They are trained in peer counseling which makes them capable of helping students with personal concerns and problems; they're always willing to lend an ear!

In addition to helping others, you'll also inevitably develop leadership qualities and strengthen your communication and interpersonal skills. Other responsibilities include assisting in planning, organizing, and implementing health education programs and speakers on campus. Health Advocates also have the opportunity to work in the Health Services Office to gain exposure and experience in working with trained professionals. This experience is invaluable for those who are majoring in a medically-related field.

So, anyone interested in promoting the medical and psychological welfare of the school should seriously consider becoming a Health Advocate. If you have any questions about the program, come to Health Services to talk with our new health director, Debbie Anderson, Joyce Snyder, or any of the Health Advocates. We are:

Michele Bodurka	R234
Kim Gage	5G2
Rosemary Garrone	R208
Susan Gonzalez	R233
Maria Rodriques	Commuter

## Sequence for Applying for the Health Advocate Program:

Monday, March 3	Applications available in Health Services
Wed., March 26	Applications due
Week of April 8-10	Interviewing
Friday, April 11	Notification letters mailed

(OVER)

For those of you who aren't familiar with the services we provide, we serve as resource advocates for your health needs. We answer questions regarding health problems, provide first aid in emergency situations, provide counseling for personal problems, and make good friends. Everything we do is strictly confidential!

There will always be a Health Advocate on call on weekends and weeknights when health services are closed. If you should need to contact us and we're not in our rooms at the time, you can have us paged in the following manner:

Go to a touch-tone phone and

1. Call 458-4167, wait for a beep tone
2. punch in 646060, wait for 3 beep tones
3. punch in the phone number where you can be reached  
by the Health Advocate
4. hit the # sign on the phone wait for 5 beeps
5. hang-up quickly and wait for the Health Advocate to  
to contact you at the phone number you gave.

### ADVENTURES OF DR. DEESE

Helen Deese of the English Department attended the 20th century Literature Conference at the U of Louisville from Feb 26 - 28. She read a paper titled "Robert Lowell's Use of the Visual Arts in 'Epilogue'". Her research is supported by a Faculty Research Grant from the College, and the paper is part of a longer essay Dr. Deese has written on Robert Lowell's use of the visual arts in his poetry. The essay will appear in a book titled "Robert Lowell: New Essays on the Poetry" that Dr. Deese is editing with Professor Steven G. Axelrod of UCR in November.

From March 31 - April 6 Dr. Deese was in West Berlin at the World Shakespeare Conference. The Congress meets once every 5 years and is attended by Shakespearean scholars from all over the world. Dr. Deese read a paper titled "Where MUCH ADO Fails" at a seminar that questioned "Shakespeare's Perfectability". Participating in her seminar were delegates from all over Europe as well as from the U.S. She was also able to attend two plays in East Berlin -- Mann ist Mann by Bertoldt Brecht and Midsummer Night's Dream by Shakespeare -- and will be reviewing the latter for SHAKESPEARE BULLETIN, a national publication of the New York Shakespeare Society.

WAIT! THIS IS NOT TRASH! DON'T THROW AWAY!

### ASKING FOR LETTERS OF RECOMMENDATION

Faculty members are happy to write letters of recommendation to help you obtain a scholarship, a job, an internship, or acceptance at a graduate school. But remember that, when you ask for one, you need to observe a few points of courtesy and thoughtfulness.

1. GIVE INSTRUCTORS ENOUGH TIME TO WRITE YOUR LETTER.  
They are glad to help you, but dropping off an address in the morning and saying that the deadline for mailing is that afternoon is not only unfair to the instructor but disastrous for your chances of getting what you're applying for.
2. GIVE INSTRUCTORS YOUR FULL NAME.  
Your form may be the fourth one received that day, so be sure your full name is on it and that you've filled in all the appropriate blanks.
3. LET INSTRUCTORS KNOW WHY YOU NEED THE LETTER.  
Is it for a scholarship, internship, job, acceptance to graduate school? It makes a difference for the person writing the letter.
4. REMIND INSTRUCTORS ABOUT YOUR ACTIVITIES AND ACCOMPLISHMENTS.  
Your history or chemistry teacher may not know about your ASB involvement or your volunteer work at Juvenile Hall, so jot down this information for them, and your letter will be much more interesting--and much more descriptive of you.
5. PROVIDE A CLEAN, FRESH, ADDRESSED, AND STAMPED ENVELOPE.  
You don't want your letter to arrive in a tacky envelope because that makes you look tacky, too. And if instructors take time to write a recommendation, you wouldn't want them to spring for the postage, would you?

### SOMEONE IS LISTENING - ARCHBISHOP

Archbishop questionnaire given in parishes May 4 will be in your mailboxes. Your chance to be heard so Church can respond to our age group needs. If we don't speak, we can't be heard.

Your Campus Ministry Office is listening also. We are here to support your own ministry, so we need to know HOW. The lightening-fast questionnaire can be taken quickly, so let us hear from you. Results of the two questionnaire will be published in the Campus Ministry Newsletter.
